Already submitted your UC application?
Here are some important next steps:

1 You will be asked to **update your Fall grades** online after the semester is over. Keep an eye out for an email, and be sure to submit grades by the deadline given. *

2 Keep an eye out for **admission decisions**. These are made between February and April with most students hearing back in March/April.

3 Once you're admitted, submit your **Statement of Intent to Register** (SIR), and pay the deposit by June 1. *

4 Send your **final official transcripts** to the campus you will be attending in Fall. When you order them, be sure to **mark the IGETC certification** box. Submit transcripts from every college you've attended and AP/IB scores if applicable. *

* Missing these deadlines can result in your application not being considered for admission, or if you miss the deadline after you've been admitted, your acceptance can be rescinded. PAY ATTENTION TO DEADLINES.
