

RECOMMENDED SEQUENCE for MATH COURSES

NOTES

1. (H) indicates the course may be offered in an honors or regular format.
2. Exceptional students may consider taking Math A070, which combines A030 and A120.
3. Math A182H: Math A157 with Math A170 may be substituted for the Math A180 prerequisite.
4. Math A220—Symbolic Logic has no prerequisite and is not listed in this diagram.
5. Math A260—Probability may be taken after only one semester of calculus (Math A157, A180, or A182H) and Math A160 is strongly recommended.
