

Recommended Biology Major Sequence

Biology Major course requirements vary considerably from one 4-year college to the next. Orange Coast College recommends the completion of Biology A181 or A181H, Biology A185, Biology A280, Biology A283, in preparation for transfer to most 4-year colleges and universities.

Students transferring to UC, Irvine should also take Biology A281 or A281H and Biology A282 or A282H. Biology A182 (zoology) and Biology A183 (botany) were previously recommended in preparation for transfer and will continue to be offered.

All students should review the requirements of the institution to which they plan to transfer to insure the completion of the appropriate courses.
