

CREDIT FOR ADVANCED PLACEMENT EXAMS

Orange Coast College - OCC grants course and unit credit for College Board Advanced Placement Exams on which a student has scored 3 or higher. Exam results and courses for which credit is granted will be posted on the student's transcript. These courses and units are not automatically transferable to four-year institutions. Students planning to transfer to a four-year school will be granted AP credit by the four-year school according to that school's policy.

The California State University - Each campus of the CSU grants credit for the College Board Advanced Placement Exams according to their own policy. In some cases OCC will grant more units of credit than CSU and vice versa. **Students planning to transfer to CSU should consult the catalog of each campus to identify the specific courses for which credit is granted and the unit value of each. This will determine the number of transferable units that will be granted.**

The University of California - UC grants unit credit for College Board Advanced Placement Exams on which a student has scored 3 or higher. In some cases OCC will grant more units of credit than UC and vice versa. **Students who are planning to transfer to the University should use the UC unit value when determining the number of transferable units that will be granted.** UC will award credit for all exams listed whether or not OCC has an equivalent course.

Independent and Out-of-State - Each school grants credit according to their own policy. Consult the school's catalog to determine the amount of credit that will be granted.

<u>Advanced Placement Exam</u>	<u>Equivalent Course(s) at OCC</u>	<u>OCC Units Granted</u>	<u>UC Units (sem) Granted</u>	<u>Meets CSUGE Area</u>	<u>Meets IGETC Area</u>
