ALPHA GAMMA SIGMA – FREQUENTLY ASKED QUESTIONS

Q. When should I join AGS?

A. It depends:

1. **If you're joining in order to be actively involved, perhaps as a future leader or significant contributor** to AGS activities and events, for the experience and recognition (scholarships, elected positions, improved likelihood of transfer to top tier universities, etc.), join as soon as you're eligible. You'll be considered for recognition more often and have a great college experience as you meet other successful students and make a difference here at OCC. Start with Temporary or Initial membership and renew each semester until you reach Permanent status.
2. **If you're joining ONLY to earn a notation on your transcript or to graduate with honors, AND** your grades are generally high (3.50 or higher) but you don't think you can be actively involved with AGS activities and events, you might want to risk waiting to apply for membership until you've only got two full semesters left (no coursework has been begun) before you graduate or transfer. However, if you wait and then experience some unexpected academic set-backs, you may find that you're no longer eligible to begin a membership. On the other hand, you may discover that you're eligible to advance to Permanent Membership after just one semester of Initial membership if you're almost done with 60 units of college coursework. Check the criteria on the first page for Permanent Membership.
3. **If you're joining to strengthen your resume or applications for transfer admission**, you need to determine whether you'll be asked for more than the name of organizations in which you are enrolled. Many applications will expect you to describe your affiliations and experiences with your membership organizations in order for them to make a difference to your resume or application. If so, start with Initial membership and renew each semester until you reach Permanent status. If not, join close to the time that you'll be asked for a list of your current memberships. Initial membership may be enough for this purpose.

Q. If I can't afford the membership that I qualify for, can I join at a level that doesn't cost as much?

A. No, sorry. You will only meet the requirements of ONE level of membership at a time. Remember, you must be able to answer "YES" to ALL of the criteria set forth for a particular level. If you're having financial difficulties and want to apply for new or continuing membership in AGS, please contact the current president for information about whether or not **a fee waiver might be available** in exchange for a certain amount of service to the OCC chapter.

Q. It's my last semester, and I missed the opportunity to join AGS when I was first eligible, but I want to graduate with honors. Is it too late?

A. Not necessarily. Depending on your grades and the amount of coursework you've completed each semester, it may be possible to back-date your membership and catch up on the fees that you would have had to pay in order to reach the desired membership level you want now. Regardless of program affiliation, you will always be responsible for paying your back fees yourself (EOPS and Guardian, if you're enrolled in either of those programs, will NOT pay for fees that would have been due in a past semester). Ask the staff or advisor at the Garrison Honors Center to review your transcript. They'll let you know what you are qualified for and what fees would be due if you wish to move ahead with a back-dated membership.
