A BRIEF HISTORY OF THE ESTABLISHMENT OF OCC'S CURRENT STUDENT GOVERNMENT MODEL

The students further established a representative and democratic body to serve their interests under the title of "Student Government of Orange Coast College" (SGOCC). Part V

FINANCES OF THE ASSOCIATED STUDENTS

As stated in the California Education Code, the primary reason for the establishment of the Associated Students is to provide a framework for administering student body funds. The Associated Students of Orange Coast College have enjoyed a long history of fiscal responsibility. The 2010-2011 ASOCC budget establishes specific controls and contingencies over all accounts. Certain responsibilities are delegated to the account advisor, who, as a member of the faculty or staff, is responsible to the Associated Students for accurately accounting for and overseeing all funds.

The 2010-2011 budget is \$1,500,000. Needless to say, the SGOCC assumes a great deal of responsibility in overseeing the budget and it is incumbent that each student involved understand the process and realize the importance of ensuring that all monies are responsibly, thoughtfully and carefully allocated and spent.

ASOCC BUDGET

As an Orange Coast College student, you are also a member of the Associated Students of Orange Coast College (ASOCC). That means that you benefit from the ASOCC budget. Most of the ASOCC budget pays for instructionally related programs, co-curricular activities, and vital college services.

The ASOCC money comes from business done by the OCC Bookstore, ASOCC Recycling Center and the College Services Charge, which every student is expected to pay at registration. This money goes to support programs and services such as the, Student Success Center, performing arts, forensics, athletics, and numerous clubs and organizations.

Every spring the student Fiscal Affairs Council reviews budget requests to establish priorities for financing services to Orange Coast College. The SGOCC Student Senate is responsible for adopting the final budget, with the Vice President of Student Services and the OCC President being part of the initial review. The Office of the Dean of Student Services prepares forms and materials for this process.

ASOCC Budget

1. The purpose of the annual budget is to provide a guideline for financing the ASOCC program of extra-curricular and co-curricular services and programs. The budget is an expression of the program in dollars; it is established yearly and is subject to continuous review.
2. The budget calendar shall be established each year by the Vice President, Student Services
3. The ASOCC Fiscal Affairs Council shall:

- b. Whenever in the Council’s discretion the need arises, it may consider and advise the Senate of fiduciary and ethical standards and duties with respect to managing, investing, expending and transferring ASOCC funds and assets, pursuant to federal, state, district and professional laws, guidelines and persuasive authority.

Article III . ASOCC Funding Principles

Section 1 –Funds May Be Used for the “Approved” Purpose(s) Only.

Awards are granted based on the Requestor’s application which sets forth a particular purpose. The funding “approved” and then made available to the Requestor may only be used for the approved purpose and not for any other without obtaining further recommendation of the FAC and then only upon Senate approval as described in Article VIII. Unapproved uses will be offset from the Requestor’s existing account or a subsequent award.

Section 2 - General Tenet of All Funding Recommendations

In performing its duties as the conscientious and responsible advisor to the Senate on all ASOCC and SGOCC financial matters, the Council shall act openly, fairly and impartially in its application of established and basic funding principles. It shall bear in mind at all times and remind requesters that ASOCC funds are limited in amount and are paid by ASOCC members primarily to support the intellectual, cultural, social and other interests of OCC students.

Section 3 - Duplicative Services, Events or Purposes May Not Be Funded

Occasionally important and well-intended campus services, purposes and/or events are proposed by fund Requestors where the same or similar efforts are being offered by another campus group. They should, however, not be duplicated. Thus, Requestors are advised to review their proposed purpose and use to first determine whether the same or similar use is already being offered. Where the FAC determines a group’s request is duplicative it will suggest a combining of efforts and may refuse or reduce funding on that request.

Section 4 - Principles, Considerations and Guidelines Regarding FAC Funding Recommendations

- a. “ASOCC funds for OCC students.” Except in extraordinary circumstances, ASOCC funds should only be expended to benefit OCC students. Moreover, the highest priority will be given to requests where the exclusive beneficiaries are currently enrolled OCC students.
- b. “Benefit to students” means funds are to be expended to further the academic, social and cultural values and experiences of current students, but does not include the funding of instruction.
- c. “Best Bang for the Buck” favors the notion that priority be given funding requests to serve the greatest number at the most reasonable cost.

- d. “Self Help” raises the question whether the Requestor has demonstrated that its members have done all they can to raise the funds necessary to support their own activity or event.
- e. “Closest to home” asks whether the Requestor has looked at local options to achieve the group’s purpose before proposing distant and thus more expensive options.
- f. “Off-campus outreach, assistance and charitable events”. Groups that wish to perform community outreach or provide charitable financial assistance to persons or communities “off-campus” should rely on sources other than ASOCC funding to satisfy their mission.
- g. “Seed Money” is available to initiate an event intended to generate proceeds to fund charitable beneficiaries who are not OCC students. ASOCC “seed money” funds may be advanced only where the Requestor provides a detailed and business plan for the event and accepts the fact that the “seed money” advanced shall be repaid “off the top” of the event’s revenues before charitable distributions may occur.
- h. “Funds on Hand” means the Council will review the Requestor’s account to determine available funds on deposit and will take those into account when making award recommendations.
- i. “. Curricular Expenses” While the ASOCC will entertain funding requests that propose to pay for special presenters, speakers, performers for one-time events, the ASOCC does not fund instruction by CCD personnel or others as a part of classroom or course material presentations. Additionally, the purchase of instructional equipment will not be funded.
- j. “Food, drinks and snacks.” In the case of funding for one-time events, championships, contingency or reserves, the FAC will consider allowances for food, drinks and snacks
- k. “Maximum Allowable Food Expenses” When travel is required for championships or conferences, a maximum per-diem of up to \$25 per day, per student will be allowed. Students will be required to sign a “Student Meal Money Receipt” form provided by the coach/ advisor. Said form shall be returned to the Bursar’s Office.
- l. “Gas Money.” In the ordinary course, the ASOCC does not reimburse “gas money” or mileage for travel by private vehicles. Groups needing help with vehicle travel expenses should contact the Coast Community College District offices well in advance of the trip to obtain the use of district vehicles.
- m. “Club members and ASOCC Fees.” Clubs, individuals and groups requesting funds must, except in extraordinary circumstances, demonstrate that the benefiting members or recipients have paid their current College Service Charge (aka ASOCC fees.)
- n. “Equipment purchases.” Except in extraordinary circumstances, the FAC will not recommend funds to be used for the purchase of equipment for clubs or non-co-curricular groups. Liability, maintenance, storage, care, loss and abandonment are burdens of ownership the ASOCC cannot accept. Exceptions may be made when these concerns are overcome.
- o. Off Campus Trips. The Council’s considerations will include the (1) kind of trip proposed, (2) number of students attending, (3) methods used to choose students who will attend, and (4) the amount contributed by the students toward the expenses proposed. [Note: Notwithstanding a Senate “approval” however, no funds may be expended or reimbursed without the approval of the Coast Community College Board of Trustees for any off-campus trip.]
- p. On Campus Events. The Council’s primary considerations will be the amount of planning and the general preparedness of the group, the projected number of students involved in both the preparation of and the participation in the event, the number of anticipated students attending the event and the redundancy of the event’s “theme”. Clubs or groups may be encouraged to cooperate with other clubs planning similar projects

Article IV – Process for Initiating a Financial Request

Section 1. General Process Principle

- a. All requests for ASOCC funding or an asset transfer, from whatever source, must be presented in a timely manner and in written form to the Council for review before they are presented to the Student Senate.

- b. Requests, along with the required number of copies, must be presented on the official SGOCC Fiscal Affairs Council Request for Funding forms available in the ASOCC Office. Complete instructions and timetables are printed on the Request for Funding Forms and must be followed. [Note: Incomplete, vague, and “shoot for the moon” requests that lack sufficient corroborating documentation will be returned to the Requestor without action.]
- c. After a written request for funding has been properly tendered, the VP-FA or her/his designee will contact the Requestor giving a date, time and place at which the request will be considered by the Council.
- d. All Requestors for ASOCC funding or an asset transfer must personally appear before the Fiscal Affairs Council to present their request and respond to FAC member questions. If an agendized appointment cannot be met, the Requestor must notify the VP-FA in writing not less than 24 hours before the scheduled time in order to have the matter continued to the next meeting agenda. Failure to appear or to obtain permission to continue the matter to the next week’s agenda will remove the item from the meeting agenda and the party seeking funds will have to re-start the procedure.
- e. The Senate shall neither hear nor entertain any request regarding the transfer of any ASOCC asset without first having appeared and presented a financially documented written request to the FA FAC. The VP-FA will thereafter deliver FAC’s recommendation to the Senate for approval, disapproval or modification.

Section 2. Club Start-up Fund Requests

Forms for requesting Club Start-up funds of \$75 are available in the ASOCC office. Complete and properly prepared forms will generally be reviewed and acted upon within 14 days of their submission. The original and required number of copies of the request document shall be placed in the Fiscal Affairs Council mailbox in the ASOCC office.

Section 3. Club Activity and One Time Event Funding Requests

Forms for requesting Club Activity and One Time Event Funding are available in the ASOCC office. Complete and properly prepared forms will generally be reviewed and acted upon within 14 days of their submission. The original and required number of copies of the request document shall be placed in the Fiscal Affairs Council mailbox in the ASOCC office.

Section 4. Championship/Reserve Funding Requests

Forms for requesting Championship/Reserve funding are available in the ASOCC office. Complete and properly prepared forms will generally be reviewed and acted upon within 14 days of their submission. The original and required number of copies of the request document shall be placed in the Fiscal Affairs Council mailbox in the ASOCC office.

Section 5. Annual Co-Curricular Program Funding Request Principles and Process

- a. The process for making a request for an annual allocation by an OCC co-curricular program is more complex and requires more documentation, careful consideration and adherence to process requirements. Annual program Requestors have a year to plan, assess, quantify and document their prospective funding needs. If they are unsure about how to proceed they should get the help they need from the VP-FA or the FAC advisor well in advance of submitting their application.
- b. Because of the stiff competition for the limited funds, and because the amounts are generally large, ***strict scrutiny*** is given to the documentation presented.
- c. Since the annual budget process is tightly scheduled to give every Requestor an equal and fair opportunity to present its case, where a Requestor has come late or failed to appear or to support its

request sufficiently, the FAC may determine it has no just reason to grant “do-overs,” second chances or accept excuses and will make its recommendation on the paperwork presented.

d. Tips for Success:

1. Requestors giving complete and careful documentation are generally more successful; those giving little or none will be disappointed.
2. First-time or previously unsuccessful Requestors are advised to get help long before a poorly prepared application is submitted.

e. While every effort is made to fund existing and continuing programs at the level of the previous year, there are **no guarantees** that will occur. Needs and economic conditions change. Thus, programs need to plan ahead for flexibility.

f. Previously funded programs have priority. First time or previously unsuccessful Requestors may receive funding after careful consideration of budget constraints, availability of similar programs or services and available funds.

g. The forms for requesting Annual Co-Curricular Program funds are available at the ASOCC office in the early part of Spring Semester.

h. Complete instructions and the due-date for submitting an annual co-curricular program funding request are printed on the request form and **must be strictly followed**.

i. All Requestors must appear before the Council for an interview to present their request and respond to FAC member questions. The Requestor’s scheduling and keeping their interview appointment is extremely important. Missed interviews cannot be made up. The Council may consider the written request and make its recommendation solely on that basis, but generally since Council questions go unanswered the award will be greatly reduced or disapproved entirely. Except in **extraordinary circumstances**, there will be no reconsideration of the request.

j. Following deliberations of all annual co-curricular program requests, the FAC will determine its recommendations and prepare a proposed budget to present to the Senate. That proposed budget will be available in the ASOCC office for review before it is presented to the Senate for approval.

k. The Senate meeting to approve the annual ASOCC budget is an open, public meeting. Notice of the meeting will be posted on the ASOCC bulletin board outside the ASOCC Office at least 72 hours before the meeting.

Section 6 - New, Post “Annual” Allocation Program Changes and Requests

a. Notwithstanding the approval of an annual program allocation, including to the ASOCC’s own “administrative” allocations, the principles of Article IV, Section 1 [that “awards are granted based on the Requestor’s application which sets forth a particular purpose [and that] funding “approved” and then made available to the Requestor *may then only be used for the approved purpose* and not for any other without obtaining further recommendation of the FAC and then only upon Senate Approval]...” shall apply.

b. Where new needs and/or programs arise mid-year, accounts and sub-accounts established for express purposes cannot be shifted or used to create and fund previously unidentified and unapproved purposes. Rather, those seeing the need and wishing to use allocated funds for a new purpose must, just as in the ordinary course for all other Requestors, file a proper request with supporting documentation with the VP-FA, set an interview time and date and obtain approval before “shifting” account and sub-account funds.

c. Unapproved uses may be deemed a misallocation or misappropriation of funds which puts the Council and Senate in the position of breaching its fiduciary duty to its beneficial constituency. Any such misused fund amount will be deducted from the program’s existing account or will be deducted from the allocation awarded in the following year. In extraordinary circumstances the practice will be referred to the Coast Community College District’s Audit Committee and/or the district’s external auditors for review and resolution.

Section 7 - All Other Requests for Transfer of ASOCC Assets

- a. Consistent with ASOCC's fiscal management principles set forth in Article V, Section 1, all requests for ASOCC funding or asset transfers, from whomever the Requestor may be, must first be presented in writing in a timely manner to the VP-FA for review and recommendation before they are presented to the Student Senate.
- b. The Senate shall neither hear nor entertain any request regarding the transfer of any ASOCC asset without first having appeared and presented a financially documented written request to the FA Council

Article V – Funding Request Denials

Section 1 - Causes for Immediate Denial

- a. Where a Request form is incomplete, untimely or improper, the VP-FA will (1) append a note, (2) notify the Requestor's advisor and/or designated student officer by e-mail or phone message, and (3) place it for easy pick-up in the appropriate club mailbox or in a "will call" folder at the main desk in the ASOCC office.
- b. Common reasons for a rejection include, (a) incomplete, vague and/or inaccurate Requests, (b) form not signed by the club advisor, and (c) "shoot for the moon" requests that lack sufficient corroborating documentation.

Article VI – Council Recommendations

Section 1- Notification

- a. Notification of the FAC's action and recommendation regarding a funding request will be given by the VP-FA of her/his designee to the Requestor's representative listed on the application form.
- b. Under the ASOCC Constitution, the Senate will at its next available meeting consider the Council's recommendations and vote to grant, deny or modify the recommendation.
- c. The Senate meeting at which the request is considered is an open, public meeting and the Requestor may attend and observe the deliberation. However, if the Requestor attempts to provide new and/or additional information, the Request must be re-submitted to the FAC for re-hearing.

Article VII – Process to Obtain Permission to Change the Purpose or Use of a Previously Approved Funding Request

Section 1. General Rule

- a. As set forth in Article IV, Section 1, awards are granted based on the Requestor's application which sets forth a particular purpose. The funding "approved" and then made available to the Requestor may only be used for the approved purpose and not for any other without obtaining further consent from the FAC.

Section 2 – Process to Obtain Change in Purpose or Use

- a. All requests to obtain permission to change the purpose or use of a previously approved but unexpended funding must be made in writing and submitted to the FAC by delivering the Request and the required number of copies to the Fiscal Affairs Council mailbox in the ASOCC Office.

- b. The Request must have attached a copy of the original written request form.
- c. The Request itself must fully explain and document the reasons for the requested change.
- d. The Requestor will be contacted by the VP-FA or her/his designee who may thereafter give the Requestor a date and time to personally appear for an interview by the Council. The date and time will be noticed on the regular weekly FAC meeting agenda.
- e. If an agendized appointment cannot be met, the Requestor must notify the VP-FA in writing not less than 24 hours before the scheduled time in order to have the matter continued to the next meeting agenda. Failure to appear or to obtain permission to continue the matter to the next week's agenda will remove the item from the meeting agenda and the FAC will thereafter recommend to the Senate that the prior funding approval be voided.
- f. Following deliberations, the FAC will make a recommendation to the Senate to either (1) approve the change of the funding purpose, or (2) void entirely the prior funding approval or allocation.

Article VIII – Meaning of Senate Funding “Approval”

Section 1- An Approval is Not a Deposit

a. Except in extraordinary circumstances, the Senate's granting of a funding request does not mean there is an immediate deposit into the Requestor's campus account. Rather, it means that permission has been given to the OCC Bursar's Office that where documents are submitted giving evidence of an expenditure conforming to the specifications of the grant, the expenses incurred will be reimbursed. Occasionally, the grant will permit the Requestor to obtain a purchase order to pay for services to a third party in advance of the event.

Section 2- Reimbursement Timing.

a. To obtain reimbursement of approved expenditures, original receipts must be presented with the application for reimbursement within 30 days of the advance. Under ordinary circumstances reimbursements may be expected within 30 days thereafter.

Article X – A Funding “Approval” May Become Void

Section 1- Circumstances “Voiding an Approval”

a. Notwithstanding the granting of a funds request by the Senate, that grant will become void and the funds **forfeited under the following circumstances:**

1. The event or use approved is cancelled. [Note: Approved and funded events may be postponed and re-scheduled however to another date within the semester originally scheduled and approved.]

2. The event or use approved, funded and scheduled in one semester is held in another unless the initial request specified a following-semester timeframe or the Requestor obtains approval from the FAC to make a timing change. That is, if the funds aren't used within the semester timeframe designated, the approval will become void.

3. The event was held or use occurred but the funds were expended for purposes materially different from the description and amounts designated in the approved request. While approvals have an amount attached to them, those funds are approved to be used only for the purposes specified. Thus groups advancing funds for unapproved purposes – just as with unapproved amounts -- will not be reimbursed.

4. Notwithstanding a Senate “approval” of funds, no funds may be expended or reimbursed for any ***off-campus*** trip or event without the approval of the Coast Community College Board of Trustees.

Section 2- Obtaining Relief When the Purpose of a Proposed/Approved Event Changes.

a. If an “approved” event or anticipated fund use materially changes in its purpose and description, the Requestor may and is advised to inform the VP-FA immediately and re-schedule an interview with the Council to seek a change in the permitted use.

Section 3 – Consequence for Failure to Obtain Change in Permitted Use.

a. Failure to obtain an approval of a proposed change in fund use will cause the original approval to become void and either the funds will not be available, reimbursements will not be paid, or if the funds were actually obtained and spent, the amount deemed to be mis-used will be subtracted from the Requestor’s account.

Article IX – Overdrafts Impermissible; Offenders Held Accountable

Section 1. Principle and Rule

a. As set forth in Articles IV-1 and VIII-1, “approvals” are granted in a specified amount and for a particular purpose. Regrettably, fund recipients have on occasion succeeded in overdrafting or overspending their ASOCC/Bursar’s Office account. This is impermissible. The only acceptable remedy for an *impending* insufficiency is to present an application for additional funds *before* an overdraft occurs.

Section 2. Consequences of Overdrafting

a. Where an overdraft has occurred the deficit must be made up by the offending recipient before any further funding will be approved.
b. Where a recipient fails to cure any account deficit or shows a pattern of incurring and curing deficits, the FAC may declare the offending group as abusive of the funding privilege and discontinue all further funding.

Article XI – Dormant Club Accounts

Section 1- Sweeping of Dormant Accounts.

a. Every two years the Dean of Students and/or the Coordinator of College Life (professional staff) will meet with the Director of the Bursar’s Office to determine what club accounts have been dormant for two fiscal years (July 1-June 30). Accounts dormant for two or more years will be closed and the monies placed in the Service and Leadership Scholarship account, managed through the OCC Foundation. Scholarship recipients will be selected by the Service and Leadership Committee. Recipients will be selected from the Service and Leadership application pool which includes documented leadership by and for OCC students.

Article XII - Adoption and Amendment of Fiscal Affairs Bylaws

Section 1- Adoption of Council Bylaws.

a. These Bylaws become effective when approved by majority vote of the SGOCC Senate.

Section 2- Purpose of Council Bylaws; Flexibility.

- a. These Bylaws are intended to provide a framework for the Council's informed, fair and regular functioning, as well as to provide notice to requesting entities about the Council's requirements and principles.
- b. With the exception of the requirements of quorum and majority votes required for a positive recommendation, meeting formalities set forth in the Bylaws may be flexibly applied where reasonable and necessary where no prejudice will occur and where the majority agrees.

Section 3 – Amendment of the Bylaws.

- a. Any amendment to these Bylaws may be recommended by a majority vote of the FAC.
- b. Prior to any vote on any proposed amendment, notice of the intent to amend the Bylaws, along with a specific description of the intended change, shall be published and posted on a regular meeting agenda.
- c. Any Council-approved amendment shall become effective immediately, unless at the next SGOCC Senate meeting, and following a disclosure by the VP-FA of the bylaw amendment, the Senate rescinds or modifies the Council's recommendation.
- d. These Bylaws, and any amendment, shall become effective immediately upon senate approval.

Addendums: General Description of ASOCC Funding Accounts; Purposes and Amounts

Section 1 - Club Start-Up Funds.

Qualifying campus student clubs may apply each semester to receive \$75 for the purpose of facilitating club activities. These allocations come from the annual "one time event" funding described in Section 2, below (currently \$35,000). Except in extraordinary circumstances, adequate funds are available to fund all "start-up" requests.

Section 2 - One Time Event Funding.

An annual allocation (amount determined by FAC during the budget allocation process) is set aside during the annual budget process for "one time event funding." Requests may be made by student clubs, groups and individuals. The FAC will attempt to equalize the distribution over the course of the academic year. Providing funding criteria are met, these funds are available on a first-come-first-served basis.

Section 3 - Championship, Contingency and Reserve Funding.

An annual allocation (amount determined by FAC during the budget allocation process). "Championship" money is intended to be used for competitions, contingent or qualifying events and unforeseen opportunity funding requests. Funds may be granted to an entity defending a title or a group that has been invited, advanced, or has qualified for a competition. At its discretion the FAC may also recommend allocations from the reserve fund based on an extraordinary and unforeseen event or opportunity.

Section 4 - Annual OCC Co-Curricular Program Allocations.

ASOCC annually allocates between \$1-1.5 million from its yearly revenue to underwrite and support institutionalized, co-curricular programs, such as athletics, visual and performing arts, speech and debate teams, honors program, EOPS, etc.

Section 5 - Undesignated Fund Balance.

These are ASOCC's "rainy day" savings, and vary in amounts annually. Access to these funds is rarely granted. Requests for allocations from this fund, like all others, must be initiated by a request to the Fiscal Affairs Council whether from the Senate itself or any other campus entity.

Section 6 – Designated/Dedicated Accounts

a. ASOCC holds funds in varying amounts in special designated (dedicated) accounts based on prior allocations for particular and generally long-term commitments. [For example, the Senate in September 2008 approved the designation of \$550,000 to be used exclusively for remodeling of the ASOCC offices. Those monies will be expended when and as the building project is commenced and progresses.]

b. Where the express purpose of a special or designated fund ceases or is reconsidered and cancelled by the Senate, the funds shall be returned to undesignated savings.

Section 7 - Other Assets.

a. The ASOCC also holds "ownership" or claims to liquidated and unliquidated assets. "Unliquidated claims" could include things such as proceeds from the operation of the OCC Recycling Center, OCC Bookstore and/or, Starbucks' profits, as well as ASOCC funded tenant improvements to buildings such as the Student Center.
