

## PROGRAM OF STUDY

### Political Science Associate in Arts for Transfer

The Political Science Department facilitates the success of general education students and political science majors by offering lower division courses in each of the sub-fields: American government, international relations, comparative politics, public law, and political theory. Political Science classes emphasize the importance of an informed citizenry, seek to instill the ability to analyze political phenomena in a critical way, and develop the communication skills to convey those analyses to others. The AA-T in political science is intended for political science majors who seek a bachelor's degree in a similar major at a CSU campus. Students completing the AA-T are guaranteed admission, but not necessarily to the major or campus of their choice.

#### Program Outcomes:

##### **OUTCOME 1:**

Students will be eligible and prepared for admission (SB 1440 and Education Code 66746) to California State University system schools.
