

## PROGRAM OF STUDY

### Theatre Arts Associate in Arts for Transfer

The proposed change to our existing program at Orange Coast College is the addition of the Associate of Arts in Theatre Arts for Transfer (AA-T). This option will offer students a more specific route to transfer that guarantees their admission to a CSU campus. All major course requirements are aligned with the Theatre Arts Transfer Model Curriculum. (TCM) They are also transferable to the California State University as well as to most other universities. Courses are designed to prepare students for transfer into bachelor's degree programs in Theatre Arts at universities both inside and outside the CSU, giving students further options as needed.

The mission and goals of the OCC Theatre Arts department fully support the overall mission and goals of the College. Our curriculum is student and community centered with a commitment to developing skills, challenging the intellect, and strengthening character as we prepare students for transfer and workplace development. The faculty and staff are dedicated to providing a quality education, to promoting creativity, innovation and academic excellence within a safe and supportive environment.

### Program Outcomes

#### **OUTCOME 1:**

Understand and demonstrate the fundamental performance and technical production processes for the theatre arts.

#### **OUTCOME 2:**

Demonstrate knowledge of the historical and cultural dimensions of theatre, including the works of leading playwrights, actors, directors and designers, past and present.

#### **OUTCOME 3:**

Develop a clear understanding of the interaction between script, actor, and audience and the areas of scenery, lighting, sound and costume.
