Important notes (please read) ↗

ASOCC Philosophy: In supporting the ASOCC motto "Students Helping Students", the Associated Students seeks to benefit all students. We recognize that no single program will be of value to every student, but we will seek to support a wide variety of programs to insure the broadest benefit to the students of OCC. ASOCC supports extra-curricular and co-curricular activities, programs, and services for students. ASOCC does not fund requests that are instructional/curricular.

Please visit the ASOCC website to review the current ASOCC By-Laws and Policies and Procedures.
